Factory

WHERE DANCERS ARE MADE

## National Dance Week~~Dance Syllabus Evaluations

In celebration of National Dance Week, we are offering our annual testing program to evaluate each dancer's progress. At The Dance Factory, each class is based on an age and subject level appropriate syllabus. This evaluation will be based on the mastery of the skills on your class syllabus. This program is optional but we find that preparing for and participating in this program reinforces material learned throughout the year. Many students and parents look forward to this program as an opportunity to evaluate their progress.

**We are offering Syllabus Testing (for dancers in 1st grade & up) during all classes the week of March 8th.**

**If you would like your dancer tested during class, please complete the form below and return it to the Dance factory by Friday March 5th.**

The cost of the syllabus evaluation program is \$18 per dance subject.

Upon successful completion of his/her syllabus (80% or higher), the dancer will receive an achievement trophy in April. All trophy recipients will be honored with a group picture in *The Montgomery News*.
