*DVD's both physical and online may take 6 to 8 weeks depending on the season. We start immediately in editing and processing each show on the following week. Special requests by the dance studio may add time to the delivery (wanting advanced copies to critique). During this time customer service may be limited to email only as we will be at the computers editing and processing each dance routine to make the final DVD. We will try to answer and email within 24 hours including weekends. Each DVD is warranted from defects for 60 days after delivery. Customer DVD's lost or damaged can be replaced for a small re-duplication fee. You can order the DVD's after the show as well. We keep the masters for as long as the dance studio is our client. If the dance studio should drop us as the videographer we may eliminate all previously held masters. Ordering after the show WILL NOT change the price. Prices remain constant for the life of the DVD on file. If you need to contact us for emergencies or booking information please use the following;*
